

Tuesday Sept 6,11

Settlement class member-section 1681i
 Lawsuit Ryals vs Hireright Solutions (Dac)
 Case Action # 3:09 cv 625
 Valid Claim # 674628

I Anastacio F. Balderas strongly and deeply agree with this lawsuit. It is evident that my basic civil human rights were violated and I deserve an equal due process. Furthermore, it is apparent that there has been a lack of gratitude and compassionate consideration.

However, I believe they attain this corporate greed bully mentality, resulting not only damaging but completely destroying my livelihood, I am beyond disgusted, disappointed, frustrated, annoyed, offended. This is unjust biggery, it is my way of life that has been threatened and I have suffered enough.

A compensation settlement of \$4,000.00 is clearly the least that I deserve at minimal for driving 300,000 drug free safe miles only to be screwed over literally, creating and initiating unnecessary hardships in my life.

We the little people empower them and make them rich, therefore they *feel and* believe they can get away with their dirty deeds and injustices, morally and ethically it is unjust for them to defame my character, degrade my creditability by smereing my reputation and workhistory taint, stain, hinder, minimize, undermine, tamper etc.

This is wrongful intent, and a crooked twisted system and they need to be sued, just a lack of resources. They act like they do no wrong. It doesn't take rocket science to analyze no equality, and it is a dirty business, to impose and implement these crooked, twisted injustices upon me.

If I had the proper resources I would sue the hell out of them myself, they are corporate capitalist bullies. They use us to empower them for their benefit and interest and then create ways to screw you and spit you out later.

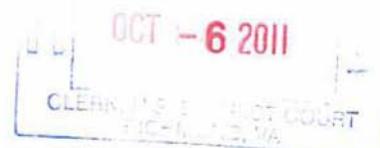

I'm entitled, they owe me big for lost wages, emotional distress, damages of reputation and workhistory, degrading my creditability, defamation, wrongful intent, and for lack of gratitude and compassionate consideration for my hardwork etc.

Life is difficult as it is with a bad economy, jobs scarce and rare, and this is how they repay me by cheating, depriving, destroying my life, reputation, workhistory, pride, dignity etc. They are ungrateful, selfish, greedy, crooked, twisted, thieves and bullies.

I deserve and am entitled, to compensation of at least \$4,000.00 in Nov,11 for creating life damages completely destroying my life literally.

In conclusion, it is clear and evident proof and established fact that it is my livelihood that has been threatened not the other way around. In regard, your common courtesy is greatly appreciated, I look forward to receiving my deserving entitled compensation settlement of at least minimal \$4,000.00.

I deserve resolve and closure from this hell on earth that I have endured, I have suffered enough.
